

NORTH PERU – 23 MAY to 15 JUNE 2026

PRICES, FLIGHTS and ADDITIONS

For a tour of 6 people (plus myself) the price has been set at **US\$ 8,200** per person. If people are prepared to go with fewer than this, the price will have to increase but if we go with 7 or 8 people then we can make a reduction. The pre-tour to Plataforma will cost **US\$625** per person, making **US\$8825**.

This is to include:

All overnight stays in comfortable lodges and hotels for the whole journey

All meals including water and (in some places) soft drinks

All road and water transport starting at Tarapoto and finishing at Chiclayo; we will travel in a comfortable bus and there will be boat rides on some rivers and creeks.

All guiding by a local tour-guide, either Henry or Alex (assisted by myself), and other guides in some specific places.

Guests will need to get themselves to Lima Airport where they transfer to a flight to Tarapoto (there are several daily). Transport to the Lodge is from Tarapoto Airport as required, it is then c.40 minutes drive to Pumarini. At the end of the tour guests will be taken to Chiclayo Airport for a flight to Lima from where they will transfer to their international flight home. All necessary assistance will be given with these flights. There are no other internal flights during the tour.

There is a pre-tour offered. There was an extension too but that is now incorporated in the main tour.

The pre-tour is to the south of Tarapoto, to Plataforma, particularly for 2 limited range specialities - Scarlet-banded Barbet and Cerro Azul Antbird. This has been requested on 3 previous trips.
